

**NEW!
DRY AGED
PORK**

PREMIUM COMPART DUROC® DRY AGED PORK

Introducing Compart Duroc Dry Aged Pork

Our dry aged pork brings a new level of tenderness and robust flavor to pork. Unlike ordinary pork, our pork is more heavily marbled, creating a juicier dining experience, yet it's still 96% lean.

Pork traditionally has not been dry aged. Dry aging, along with favorable muscle pH and the marbling qualities of the Compart Duroc product, elevates pork to a whole new level!

Compart Duroc Dry Aged Pork is an exciting new approach to enhance your pork dining experience. Compart Duroc Dry Aged Pork Porterhouses and Ribeyes start where steaks left off!

The "Black Angus" of Pork®

* No artificial ingredients. Only minimally processed.

*Superior Tenderness & Juiciness.
Naturally Lean & Delicious.*
